OVERVIEW OF
YEONHAENROK
1. Overview of yeonhaengrok

yeonhaengrok (燕行錄) refers to the travel accounts of envoys or entourage who visited China and is considered valuable materials that provide a window into life, history, and culture of people who lived in the traditional era. The yeonhaengrok Collections represents the compilation of the materials that have undergone the original manuscript work process and turned out to have the research value among the travel account records which Professor Im Gi-jung has identified since 1960s.

**Special Features of the Enlarged yeonhaengrok Collections**

1) Raising the overall level of perfection
2) Additionally containing important paintings related to the travel to Beijing, such as the ‘Illustration of Sea Travel to Beijing (水路燕行圖)’
