Recall Books

KU Libraries Tutorial
Recall is a service where KU patrons can request to have a checked-out item returned to be put on hold.

When you recall an item, the person who has the item has two weeks to return it. Once it is returned, it will be placed on hold for you.
To place a Recall, locate the item in the KU Library Catalog. If you need help searching the online catalog, please see the Online Catalog or Primo Tutorial.
Once you have selected the item you want to request, click on the “Recalls and Requests” button at the top of the page.
Login using either the last 8 digits of your KU Card number with your last name or your KU online ID and password. Select “Recall” from the drop down menu and click “Ok”.
Complete the form, and be sure to select the pickup location of your choice.

Click on “Submit Request”.
If your request is not successful, please contact the library at 785-864-8983.
